FEATURES

Ultra compact and super high performance, the DUKANE MITE-E-LITE represents a new concept in ultra-light transportable Data/Video projectors. By using Optimum Projection Technology™ the DUKANE MITE-E-LITE delivers outstanding performance without the bulk and size of a traditional unit, and at a remarkably low price. Windows 98 Plug and Play and MAC compatible. The MITE-E-LITE features both s-video and standard RCA video inputs. The full featured IR remote control is included to make setup and operations easy. The built in stereo amplifier and speakers provide great audio quality from any source. The MITE-E-LITE also comes complete with padded nylon carry bag that will hold your laptop and fits under an airline seat.

MITE@Lite™

Dukane's prescription for weight loss.

Whether you spend your time in the office or on the road, you shouldn't be forced to carry around a load of bulky audio/visual equipment every time you need to make a presentation. That's why **DUKANE** Offers the **Mite-E-Lite**, the most revolutionary multimedia projector yet created.

This amazing little dynamo is 5.3 pounds of presentation fury — bold, crisp graphics and stereo sound, 500 lumens of brightness, and excellent projected images from VGA through XGA resolution. Like all **DUKANE** projectors, the **Mite-E-Lite** is easy to use, always affordable and backed by the longest warranty in the industry.

Now you can own the world's lightest projector without sacrificing any of the image quality you've come to expect from **DUKANE**. Our exclusive Optimum Projection Technology™ uses powerful miniaturized optics to deliver outstanding picture and resolution in the smallest possible package. The **Mite-E-Lite** from **DUKANE**, proves good things do come in small packages!
